

Leadership Camp

Introduction to Genazzano

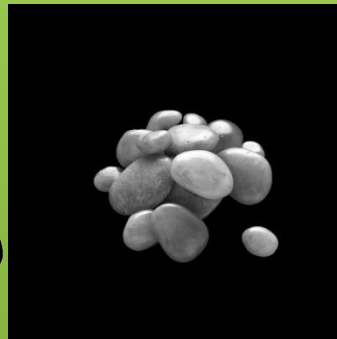

On the 10th, 11th and 12th of February, the senior class went on a leadership camp to Genazzano.

- They learnt about how to be a leader. They even had a special guest called Deacon Peter to celebrate their liturgy and to explain the details of being a leader.

Circle Time

- As we journeyed through this camp, on the second day, we all received a brown paper bag full of objects that reminded us about qualities of leadership. There were flowers, pebbles, lollipops, shoelaces, the school emblem, scriptures, candles, cotton balls and broken sticks. It was interesting learning the qualities of each object.

Lessons

- All together we did ten lessons on leadership. One in the morning, one before lunch, one after lunch, one after afternoon tea and one at night. Some lessons were more interesting than others. While we were enjoying the lessons, the teachers were enjoying learning about us. We were enjoying learning about them too!

All The Fun

- On the camp we did icebreakers that made us work together as a team. We had three teams who worked together in the icebreakers and some of the lessons. They were Twinkle Twinkle Little Star, Jack and Jill and Three Blind Mice. At every breakfast, lunch and dinner, we were served the most fabulous food in the world. The cooks we magnificent. Everyone bragged about the food.

The end of the Genazzarno camp.

All together the senior class was very thankful
for the leadership camp.
