

SCHOOL CAMP 2014

Rock Wall Climbing and Abseiling

The Rock wall was ten meters tall and the abseiling was great fun because you got to do small jumps or big jumps.

Damper and Fire Making

Fire and damper making was fun because we got to cook the damper on an open fire and eat it after.

Laser Tag

The laser tag games was great fun because we ran around, shooting and dodging the intense fire shots!

The Meals

The meals and drinks were absolutely delicious! We had tacos, lasagne, ribs etc. We had soft drinks at lunch and dinner and juice for breakfast.

The Last Day At Echo Creek

The last day at Echo Creek we took a photo of everyone together and packed ready for the ride back home. Everyone was very tired so some of us slept all the way.
